

PREMIUM FUND & SAVE

At Aegis Risk Management Services (Aegis) we understand that cash flow limitations may impact on a company's ability to take advantage of the Workers' Compensation Premium discounts for upfront payment.

To assist our clients, we have negotiated preferred premium funding rates with multiple Premium Funders. These rates will enable our clients to continue to pay their premiums in instalments, whilst receiving a percentage of the discounts available for up-front premium payment.

HOW IT WORKS

For example, let's say you have a Victorian premium of \$50,000 (GST inc):

- If you were able to pay this up front you would receive a 5% discount and save \$2,750.
- Through Premium Funding with Aegis, you will pay a rate of approximately 2.5548% and pay 10 monthly instalments of approximately \$5,300.
- After fees and charges you will save approximately \$1,300 when compared to paying in instalments directly to the insurer.

PREMIUM FUNDING SAVINGS

After fees and charges the following indicative savings~ can be achieved:

Premium (inc gst)	Saving
\$10,000	\$190
\$15,000	\$330
\$20,000	\$470
\$30,000	\$760
\$50,000	\$1,300
\$100,000	\$2,700
\$200,000	\$5,600

~ based on a 5% discount

BENEFITS OF PREMIUM FUNDING:

- Access to discounts for upfront payment in Victoria, NSW & Queensland
- Cash flow advantages of paying your premium monthly
- Interest charges may be tax deductible for the funded policies (refer to your Accountant)
- Easy automated repayments from your nominated bank account or credit card
- Workers' Compensation premium adjustments may be included in the funding
